IDEMITSU ASIA TALENT CUP

Is an exciting competition started in 2014 to find talented riders across Asia and Oceania. The competition run by Dorna and led in part by Alberto Puig provides a spotlight for the most talented riders and is the formal path into competitive road racing.

HOW TO BECOME AN ASIA TALENT CUP RIDER?

There are 20 riders selected to participate every season. Some riders currently racing in the 2024 edition will race again in 2025 and there will also be new riders entered for the 2024 season. The new riders will be chosen at the Selection Event which will be held at the Sepang International Circuit in Malaysia on 29th and 30th October 2024.

To participate in this Selection Event all riders must submit online application and the Selection Committee will then invite approximately 200 riders to the Selection Event.

ABOUT THE CHAMPIONSHIP

The 2024 season consists of 12 races held at 6 events as a support category to MotoGP™ in Qatar, India, Indonesia, Japan, Thailand & Malaysia.

The organization provides all riders with Honda NSF250R Moto3 bikes and full racing equipment.

Moreover, riders are being guided by Alberto Puig as well as being trained how to set up the bike by our experienced technical crew.

The organization also takes care of all logistics, set up and medical insurance as well as accommodation and on-site transportation at all events. Riders only cover costs for flight tickets (also booked by the organization) and food.

DO I NEED RACING EXPERIENCE?

We are searching for talents. Racing experience is not essential, but high-performance riding experience is required. Also, riders racing dirt-track, motocross, scooters and mini-bikes can apply as well as members of racing schools.

FUTURE RACING CAREER

Dorna follows the racing career of the most talented riders competing in the Idemitsu Asia Talent Cup.

Top riders from the 2014 to 2023 editions are now racing in the Red Bull MotoGP Rookies Cup and the Moto3 Junior World Championship fighting for the podium. Four riders from the first editions are already participating in the Moto3 World Championship; Taiyo Furusato, Ryusei Yamanaka, Tatchakorn Buasri and Jacob Roulstone. Six ATC Alumni compete in the Moto2 World Championship: Somkiat Chantra, Ai Ogura, Ayumu Sasaki, Deniz Oncü, Mario Aji and Senna Agius.
